About Mega Property

MEGA PROPERTY EXPO is a premier property exhibition in Indonesia that brings together industry players, developers, and investors to drive the growth of the property sector.

- Mega Property Expo 2026 is a premier real estate exhibition that brings together leading property developers, investors, architects, and industry professionals in one dynamic platform.
- Co-located with Megabuild Indonesia, the Expo will be held from 4–7 June 2026 at NICE PIK, Banten, Indonesia, positioning itself as a key meeting point for the future of property and built environment in Indonesia and the region.
-
- Designed to address the growing demand for residential, commercial, and mixed-use developments, Mega Property Expo 2026 showcases a wide range of property opportunities from premium housing and urban developments to investment-ready projects.
-
- Supported by insightful conferences, market outlooks, and strategic networking opportunities, the Expo serves as an essential destination for stakeholders seeking growth, innovation, and long-term value in the property sector.

The facts and figures gathered from 22 editions are testament to the powerful platform that MEGABUILD INDONESIA EXPO (MBI) has provided for thousands of businesses to grow: Through **MEGA PROPERTY EXPO**, business opportunities are expanded by bringing together a broader range of property and investment industry players, opening access to new collaborations, and strengthening overall industry growth.

About NICE PIK2

The Biggest MICE Venue in Indonesia

Nusantara International Convention Exhibition (NICE) PIK2 (Pantai Indah Kapuk 2) is owned by PT Industri Pameran Nusantara (IPN), it represents an extraordinary venture, a dynamic collaboration between Agung Sedayu Group and Salim Group. **Alongside the grand mission to cultivate world-class event spaces** that transcend industry boundaries, setting a new standard for immersive experiences.

NICE serves as the bustling hub where internationally renowned events converge, drawing a diverse audience from the Greater Jakarta Area and the emerging Pantai Indah Kapuk 2 (PIK2) township. **It's a destination designed for the future, where possibilities are boundless and innovation knows no limits.**

The location is only 7 minutes from the Soekarno-Hatta International Airport, which will be profitable to this city in terms of global connectivity, business expansion, and various chances of investment. With direct access from the Inner and Outer Ring Road, PIK2 is easily accessible from anywhere. The distance between PIK2 and CBD Jakarta took only 30 minutes through the Outer Ring Road. PIK2 is connected to PIK1 with only a 3 minute drive through the Barujungan Bridge.

Currently, NICE PIK is recognized as the largest exhibition hall in Indonesia, comprising 11 exhibition halls equipped with various facilities, amenities, and internationally standardized infrastructure. It has been operating since September 2025, hosting numerous major exhibitions and consistently attracting large crowds of visitors.
